PREBLE COUNTY, OHIO, BIRTHS 1867-1876

Volume I

These births were taken from the first book of births found in the Probate Court of Preble County. This is one of four books. The writing in this particular book is very hard to read.

No effort was made to correct spelling when it is different from the way the name is spelled today. You will find entries which have to be in error. Some names are entered twice with different birth dates. In some cases the name of the child and the father are not spelled the same way.

When the first name of the child was not given, census records were consulted and a possible name may be given in (---). This has also been done when the maiden name of the mother was not given and marriage records were consulted.
